SET UP THE APP

Download the GolfGT App, register and sign in. You will see the links to our three games. Select Pairs Golf, The Perfect Game, or Golf Stars. Create a game choosing from the list of courses. Courses will show up starting from the one closest to your location. Each game is 9 holes. To play 18 holes, create two games.

You will always have the option of 4 selections to choose from when you select where your ball lies. Where is the ball? Hole – Green – Fairway – Other. You will have an option for “Hole in One” on your first shot from each Tee box.

WHILE ON THE TEE

After tapping your hole number, tap “Set Tee Location”. Choose from the selection of tee boxes shown. Your GPS distance appears. Continue. **Tee up and take your shot.**

WHERE IS THE BALL?

Hole in One

Congratulations!! For most people, this is a lifetime achievement. For this accomplishment, you receive 25 bonus points on your scorecard. Press the “Hole In One” button and proceed to the next hole.

Ball in Fairway

Good shot. Press the “Fairway” button to see if your ball traveled the required distance for your level so you can receive a positive score.

When your ball lands on the fairway, there are two objectives required to achieve your positive score increase. The first objective was accomplished when you landed your ball on the fairway. The second objective is for your ball to travel the required distance for your level.

Other

Oops! That didn't work out. Is your ball playable or not? Your ball landed somewhere other than the fairway or green. That might have been in the rough or in the water.

If the ball is unplayable or lost, as determined by your opponent or yourself, you must still take your next shot. Move your ball onto the fairway at the approximate place of exit but no closer to the hole and take your next shot. Unplayable or lost balls suffer a 5-point penalty.

Ball in Hole from off the Green

If your ball goes into the hole from off the green, press the "Ball in Hole" button and proceed to the next hole. You will receive 5 bonus points for this achievement.

Ball on Green*

It's putter time. Press the "Green" button and follow the prompts on the App.

One Putt on the Green

If you one-putt on the green, press the "Ball in Hole" button and proceed to the next hole. You will receive 3 bonus points for this achievement.

* Maximum of 3 putts on the green. Answer the prompts on the App to finish the hole and move on to the next hole.

SCORING

When using the App, the GPS determines your distance from your last shot and the remaining distance to the middle of the green.

Scoring is automatic within the App. Scoring is the percentage of shots made vs shots missed. If you make all your shots, you receive a 100% score, and if you miss all your shots you receive a 0% score.

LEADERBOARD

Golfers receive a placement on the leaderboard when they have enough points to qualify for our year-end tournament. Watch the leaderboard for the current standings of the top 16 golfers.

EARN LEADERBOARD POINTS

The Perfect Game and Golf Stars involve individual play and share the same leaderboard. PairsGolf uses a separate leaderboard because it is two people playing together in a scramble format.

Game Played	Points
Complete The Perfect Golf game.	5
Complete a Golf Stars game.	10
Complete and win a Golf Stars game.	15
Complete a PairsGolf game.	5
Score 80% in any game.	100

LEVELS

Each level has a yardage per shot needed to receive a percentage score increase during a game. Difficulty increases as the yardage required per shot increases. When playing Pairs Golf the Level of the person that creates the game will be used for the scoring distance, for that game.

Level	Yardage Needed
1	100 Yards
2	125 Yards
3	150 Yards
4	175 Yards
5	200 Yards

When your game score is 80% or higher, you are automatically moved to the next level. Everyone starts at level 1.
